**MOCKED FOR HIS WORK,
HE BECAME
A PILLAR**
(A True Life Story)

Have you ever been mocked by someone? Have you been put to shame before by another individual and you felt so bad? Do you know at personal level the effect of a disgrace because you have seen one or experienced one before?

There is the true story of a man whose father was a pastor when the young man graduated from the university instead of looking for a white collar job he decided to join his father in the work of the ministry to do the work of God. He dedicated his entire life for the service of the Lord Jesus. He gave it all.

There was a day this young man decided to go visit a family that was doing well financially and the wife of the man asked the pastor's son what he is currently doing after graduation from school, the young man answered that he was into the ministry, the woman replied, is that a work? The young man left with pain and humiliation. It was a shameful thing. However, that did not deter him, he continued with the

father in the work of the ministry.

After a long while the man and his wife fell into a particular problem which their societal influence and money could not solve so they decided to go to that young man's father for spiritual guidance and help. When they got there the pastor listened to them and told them there is one man in his ministry that can handle the case and he directed them to his son and lo and behold, there they were in the young man's office sitting before him, now that which the woman disdained which was not work has become work.

Matthew 21:42. His mockery has
